

7th Antibody Industrial Symposium 2019

June 24-25, 2019 – Tours, France

www.aiscongress.com

Abstract Submission Guidelines

In order to provide visibility and promote innovation in the field of **therapeutic antibodies and Immunomodulation**, a call is open for abstract submission for:

- a **Pitch presentation** of 10min at the session “*Immunomodulation with therapeutic antibodies : new strategies and technologies*” that will be held on Monday 24th June 2019 at 16:00;
- a **Poster presentation** at the poster session.

These are great opportunities for academic laboratories and companies to share their new work!

The AIS2019 Scientific Committee will review the abstracts for innovative products, technology and research related to Harnessing the Immune System with therapeutic antibodies.

All submissions must be non-promotional. Abstracts containing commercial products, technologies or services must provide competitive context, and show no commercial bias.

Fill-in the Abstract Form and send it to: ana-sofia.antunes@mabdesign.fr

Deadline for abstract submission: 29th March 2019.

Notifications to the authors: 26th April 2019

The AIS2019 Organization will notify you via email whether your presentation has been accepted or not. If your abstract is accepted, you will have to register to the AIS2019 on the website until 24th May 2019 if it has not been done before.

Evaluation Criteria

Eligible authors: Start-up, SMEs, companies or research laboratories that want to share an innovative project, product or technology related to Innovative Approaches / Technologies in Immunomodulation with therapeutic antibodies.

Main topics: therapeutic antibodies, Immunomodulation, new strategies & technologies.

Selection criteria

The most successful abstracts will include new breakthrough technologies that can contribute to the Immunomodulation with therapeutic antibodies as well as new products/technologies that open a new vision for this field. Priority consideration will be given to abstracts that feature:

- an innovative character of the technology or therapeutic product
- a health/medical benefit associated
- a breakthrough research project that offers new ideas and opportunities in the field of immunomodulation
- projects that can engage the industrial sector and bring economic benefits
- Innovation that goes beyond traditional approaches.

Speaker responsibilities

Each presenter chosen is responsible for all expenses related to his/her participation in AIS2019 including registration, transportation and accommodation.

By submitting an abstract, you grant the organizers permission to publish the abstract in hard copy or in electronic formats.

Abstract Format

Abstract Title (Bolded) –Calibri font, size 12

Title: The title should clearly define the content of the abstract.

Author(s): if concerned include the names of all contributing authors. Underline the speaker's name.

Author's affiliation: indicate postal address of the authors.

Example : First author's First Name First author's **LAST NAME¹**, Second author's **First name**
second author's **LAST NAME²**, etc

¹Department, Organization, Country

²Department, Organization, Country

Abstract (maximum 500 words)

Use only standard keyboard characters. Reduce abbreviations to a minimum, especially non-standard one, and define at first use. No tables or figures should be inserted into the abstract title or text.

Font & Size : Calibri font, size 11

Structure your abstract according to:

- Background:** describe the scientific or/and medical context that lead to your innovation.
- **Offer/project description:** describe your project, research or product. Include in your description its aims, its methodology and its benefits/solutions
- **Innovative strength & Applications:** explain the innovative asset and specificity of your offer from a scientific, medical, technical and economical point of view. Indicate its different applications.
- **Conclusion:** explain how your work contributes to the field of Immunomodulation with therapeutic antibodies.

Keywords: please provide 5 keywords that describe your presentation, its targets and the goals addressed.

Abstract should be **saved under the Authors Name (FirstName-LastName)** and in .docx format. No other format will be accepted.
